UNDERSTANDING OVERALL PERFORMANCE

This report card is designed to tell us how well we are helping students reach grade level and how well we are preparing them for success after high school. Much like the grades we give students, we can use these grades to identify ways to help schools improve over time. The overall grade is based on performance in three different areas, or domains, which are noted below.

DISTINCTIONS

- Academic Achievement in Mathematics
- Academic Achievement in Science
- Academic Achievement in English Language Arts/Reading
- Academic Achievement in Social Studies
- Top 25 Percent: Comparative Academic Growth
