Notes

STATISTICS FOR FEEDER GROUPS

• Statistics for each year are computed for schools in the feeder group for that year. (Statistics for prior years reflect the schools in the feeder group at that time.) Schools' data are also included in statistics for their geographic feeder pattern each year.

STATE OF TEXAS ASSESSMENT OF ACADEMIC READINESS (STAAR)

• Cells marked with an asterisk (*) indicate five or fewer students were tested. Blank cells indicate no students were tested.
• Student group assignments are from the district's Public Education Information Management System (PEIMS) submission to the TEA.
• Statistics by reporting category are averages for all students (across student groups and genders).
• “Average percentage correct” is computed as follows: For each student, divide number of items correctly answered by total number of items in test section, then average resulting percentages across all students. For short answers on EOC English tests, an “average rating” is presented; STAAR EOC short answers are rated on a scale of 0 to 3. For written compositions on writing tests, “average score points” is presented. Additional details provided in report footnotes.
• Grade in report is grade level of assessment, not student's grade level. For example, grade 7 students in Pre-AP math or science courses are assessed with the Grade 8 Math or Grade 8 Science assessment. These students' scores are reflected in the row for “Grade 8”.
• Statistics for SSI grades 5 and 8 are based on scores cumulative through students' second administrations. EOC statistics are based on scores from students testing for the first time during fall or spring administrations.

¹Average score points (0-8). A composition is rated twice on a scale of 1 to 4, and the ratings are summed to determine score points for the composition. Score point scale: 0=Non-scorable; 2=Very Limited; 3=between Very Limited and Basic; 4=Basic; 5=between Basic and Satisfactory; 6=Satisfactory; 7=between Satisfactory and Accomplished; 8=Accomplished
