

## Calibrations for the Grades 3-8 2012 *Ready to STAAR*

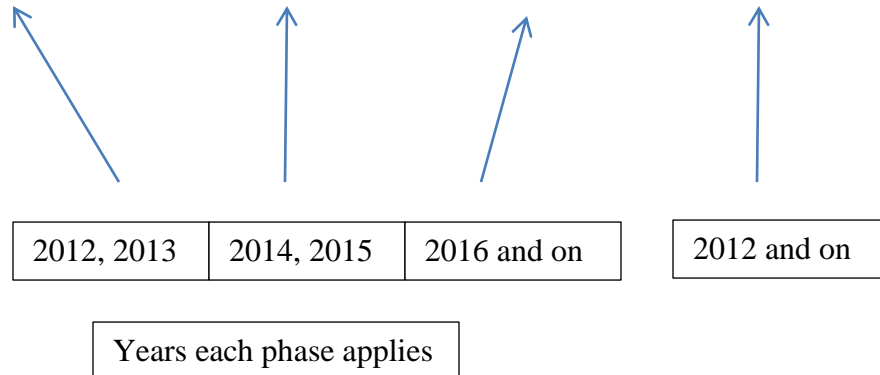

These tables represent the relation between the 2012 *Ready to STAAR* assessment and the 2012 *STAAR* tests. They are a tool to help you calibrate and interpret your *Ready to STAAR* results. These tables are only available where both a *Ready to STAAR* and *STAAR* test were available.

Read the table below going across.

For example, of the students who had between 61% to 70% correct on last year's *Ready to STAAR* 88.5% passed at Level II Phase 1 on the *STAAR*. If the Level II Phase 2 standard were applied, 61.0% would have passed. If the Level II Recommended standard were used only 25.7% would have been able to pass. Only 6.3% of these students were Level III (Advanced).
